ODE TO FOOD

Food is Life,
Food is Joy.
Food can bring flavour to blandest of worlds.
It can give people a chance to create and give.

It can create a world of Happiness and Joy.
It can bring broken families together.
It should be given to those who dearly need it.

It should not be hoarded like dragon with his treasure,
whose heart is filled with selfish greed!

Food should be shared; not fought for like a cursed gem.

So if you have any extra food, give it to those who don't have any.

I pray that people realise, that food is a blessing, not a curse...

Our alumni are doing well. Congratulations!

Goodbye and Welcome!

Unfortunately, we have to say goodbye to Mrs **Monique Rawlins**, our excellent Grade 1 teacher and head of our Foundation Phase. Monique will join the rest of her family members who are already in Matatiele in the Eastern Cape.

We'll miss you, Monique!

BYE-BYE!

Goodbye also to Miss **Brikitte Joubert**, our Intern, who next year will spread her wings.

Thank you very much for all your hard work, Brikitte!

Welcome to **Aimée Struwig**, our new Grade 1 teacher.

Aimée completed her BEd Degree at the University of Stellenbosch and in addition to her 4 years of experience at a local primary school, she also gained experience during her 8-month involvement with SNAP (the program for children on the autism spectrum.)

Welcome to **Sarah Silber**, our new Gr 5e teacher.

Sarah obtained a BSc as well as a BSc Honors (University of the Witwatersrand) and is currently working on her Master's degree in Educational Psychology (University of Pretoria). She was a teacher in Gauteng for 4 years for children with special learning needs.

Welcome!
